PROFILE

Hi, I'm Murtaza, a senior full-stack developer with over 8 years of experience. I specialize in creating custom websites and eCommerce solutions using WordPress, Shopify, React, and PHP/Laravel. Whether you need a new website or an upgrade, I provide reliable, high-quality services to help your business grow online.

WORK EXPERIENCE

iPlex Pvt Ltd
2022 - PRESENT

Senior Full-Stack Developer

- Lead full-stack development for dynamic web and eCommerce projects, specializing in WordPress, Shopify, React, and PHP/Laravel.
- Manage and optimize Iplex's social media accounts including Instagram, Facebook, TikTok, and YouTube, increasing brand engagement and visibility
- Collaborate cross-functionally with design, development, and marketing teams to deliver seamless user experiences and high-performance websites.

Digital Artistry
2020 - 2022

Senior Shopify Developer

- Spearheaded Shopify development, customizing themes using Liquid and integrating React and PHP/Laravel for enhanced functionality.
- Led the development of high-converting eCommerce platforms, optimizing performance, SEO, and mobile responsiveness.
- Managed complex client projects, ensuring timely delivery of web solutions that improved user experience and drove sales growth.

Upwork & Fiverr
2020 - PRESENT

Freelance Web Developer

- Delivered custom web development services with expertise in WordPress, Shopify, React, PHP, and Laravel.
- Built responsive and SEO-optimized websites, including custom WordPress themes and Shopify stores tailored to client needs.
- Worked on both front-end and back-end tasks, ensuring high-quality code, clean architecture, and user-friendly interfaces.
- Established long-term relationships with clients, consistently exceeding expectations and delivering measurable results.

WebSalors   2018- 2020

Frontend Developer

- Developed dynamic, user-friendly websites using React, HTML, CSS, and JavaScript.
- Gained practical experience in WordPress and Shopify, customizing themes, building eCommerce solutions, and managing content.
- Enhanced web performance, ensuring compatibility across all devices and platforms by implementing responsive design principles.
- Collaborated with designers and back-end teams to create visually appealing, functional websites.

CloudTek   2017 - 2018

Frontend Developer Intern

- Gained hands-on experience in front-end development, working with HTML, CSS, and JavaScript to build responsive websites.
- Supported senior developers in implementing basic web functionalities, learning the fundamentals of web development.

EDUCATION

Bachelor in Computer Engineering
